### OUR MISSION:

To empower businesses through strategic alliances, cutting-edge solutions, and exceptional service, fostering sustainable success.

### OUR CORE VALUES:

- **Collaboration:** We develop powerful partnerships to create value.
- **Innovation:** We provide innovative solutions to address complex challenges.
- **Integrity:** We uphold the highest ethical standards in all our interactions.
- **Excellence:** We strive for excellence in everything we do.

**We are committed to** delivering outstanding products that reflect our dedication to quality and cleanliness. We strive to meet the needs of our clients in both local and international markets. Our vision is to be the first choice for customers in the frozen products sector through continuous innovation and development.

**Being one of the leading companies** in the frozen fruits and vegetables industry is a significant challenge that comes with great responsibility. The company adheres to a set of policies and regulations concerning the environment and the use of pesticides, as well as various principles followed by all employees.

## **ABOUT US**

---

### **Environmental Policies:**

The company is committed to preserving the environment through several initiatives, such as aiming for zero emissions, reducing pollutants, optimizing energy use, and recycling materials used in production.

### **Pesticide Policy:**

Pure products comply with the strictest global regulations. We ensure the use of fewer chemicals that the Maximum Residue Limit (MRL). Our agricultural engineers inspect and monitor crops and guide farmers on the permitted types and amounts of pesticides. We also keep field records of all crops which are checked before transporting raw materials to the factory. Additionally, all products are regularly tested by certified laboratories to detect levels of heavy metals and pesticide residues, ensuring they do not exceed the approved limits.
